

Bharatiya Janata Party

(Central Office)

6A, Deendayal Upadhyay Marg, New Delhi

11 August 2018

Salient points of Speech of BJP National President Shri Amit Shah addressing Yuva Swabhiman Samavesh Rally in Kolkata (West Bengal)

The Yuva Swabhiman Samavesh Rally is witness to the fact that regime change in West Bengal is inevitable and the Bharatiya Janata Party will form government with full majority. We will win more than 22 seats in upcoming Lok Sabha election; there is no doubt about it.

Even though Mamata Banerjee and Rahul Gandhi are trying to stop NRC, but it will implemented and judicial process will continue. Infiltration continues in the Trinamool government. If it is not stopped, West Bengal will not be a safer state for our citizens and the most effective way to stop infiltration is NRC.

The same Mamata Banerjee was flagging against the Bangladeshi infiltrators in 2005 because these infiltrators were supposed to be the vote bank of the Communist Party. But today, when Mamata Banerjee's government is in West Bengal and Bangladeshi infiltrators have voted for the Trinamool Congress, now Mamata Banerjee is protecting infiltrators.

Why Mamata Banerjee wants to protect the Bangladeshi infiltrators? Mamata Banerjee and the Congress Party should clear their stand whether they consider the security of the country as top priority or just want to focus on their vote bank politics.

Bangladeshi infiltrators are a threat to the security of the nation. we are the karyakartas of Bharatiya Janata Party, the country remains at the top priority for us, the vote bank politics does not matter to us.

Mamata Didi, shutting down the TV news channels in the state will not stop my voice, I will visit every district of the state and the people everywhere will protest against the anarchy of the Trinamool government. People's voice cannot be suppressed in democracy.

How the Bharatiya Janata Party become anti-West Bengal, how can we become anti-Bengali, while our founder was Shyama Prasad Mukherjee, a great patriot from West Bengal. We are not anti-West Bengal, yes! We are anti-Mamata Banerjee government because of their misrule and vote bank politics.

Nearly 65 activists of the BJP have been brutally assassinated in West Bengal. If Trinamool Congress believes that they will continue the rule in West Bengal by killing our karyakartas, then remember the rule of the Communist Party first! When the people stand together, murderers have to leave power.

Trinamool Congress is spreading false propaganda in the country that the implementation of NRC will also create problems for refugees, which are baseless. The central government has brought a bill to provide citizenship to Hindus, Buddhists and Christian refugees from Afghanistan, Pakistan and Bangladesh.

Before the Lok Sabha election 2019, Trinamool Congress and Mamata Banerjee should make it clear that when the National Citizenship Bill, 2016 will brought in the Lok Sabha, will you support it or not?

At present, there is a lot of discussion going on about human rights; I want to ask the Trinamool Congress and the Congress Party whether you are worried about the human rights of our Hindu and Muslim brothers of West Bengal or not? Do not you worry about the employment, education, health and safety of your citizens? Only the Bharatiya Janata Party (BJP) is concerned about the rights of our Hindu and Muslim brothers of West Bengal.

The Mamata Banerjee-supported Congress government of Sonia-Manmohan gave only 1,32,000 crore rupees for the development of West Bengal in the 13th Finance Commission, while the Modi Government in the 14th Finance Commission,

allocated more than Rs 3,59,000 crores. Apart from that, more than Rs 24,000 crore rupees have been provided for other several projects in West Bengal.

Since Mamata Banerjee's government has come in the power of West Bengal, a new record of corruption has been observed in the state. Corruption and Mafia-raj have taken West Bengal into its strong hold. All records of crime in the state are breaking down.

In recently completed local body elections in West Bengal, crores of people were not allowed to cast their vote, our karyakartas were killed brutally, harassed, many workers were beaten beastly, yet we won on more than 7000 seats.

At the time of Independence, West Bengal's contribution to the GDP of the country was 25% which came down to 13% after the Congress Rule. When the Communist Party's rule in West Bengal came to an end, it further reduced to 4% and now it is all time low at 3% in the tenure of Mamata government.

The Congress party, the Trinamool Congress or the Communist Party cannot develop West Bengal, although the people of the state gave equal opportunities to all of them. I request you to give an opportunity to the Bharatiya Janata Party under the leadership of Prime Minister Shri Narendra Modi, we will ensure the continuous flow of development in West Bengal.

What kind of West Bengal Mamata Banerjee wants to make where immersion of the idol of Maa Durga are not allowed during Durga Puja, where schools are not allowed to worship Maa Saraswati! Once, the BJP government is formed in West Bengal, no one can stop Durga Puja and Saraswati Puja, it is our commitment.

Bharatiya Janata Party karyakartas will reach out to every house in the state and expose the Mamata Banerjee's Trinamool Congress government.

The Bharatiya Janata Party is the only party in the country which is committed to the development of the nation under the leadership of 'Prime Minister, Narendra Modi ji' and on the principle of 'Sabka Saath, Sabka Vikas' via 'Antyodaya'.

If we want to make a corruption-free and mafia-raj free West Bengal, we will have to form a development-oriented BJP government with full majority.
