24 April 2019

Salient Points of the speeches of BJP National President Shri Amit Shah at massive public meetings at Safiabab (Munger), Begusarai and Sarairanjan (Samastipur), Bihar

In every nook and corner of the country, there is Modi wave. The love and support for Prime Minister Shri Modi is because of his commitment towards development.

The Lok Sabha elections of 2019 are between BJP which is committed to country's peace, prosperity, and security under the Prime Minister Shri Narendra Modi and 'deshdrohi' who want to divide the country and their supporters including Rahul Gandhi And Company.

This election is about selection of poison of casteism spread by 'Mahamilavati' people and Modi government's 'amrit' of nationalism. This election is about a 'majboot Sarkar' under Shri Modi and 'majboor Sarkar' of opposition.

Congress says the law of sedition must end. But for whom? In JNU anti-national elements raised slogans of 'tukde-tukde ' and Rahul Gandhi supported them by terming it as freedom of expression. Is breaking mother India freedom of expression or sedition?

Congress party wants law of sedition to be withdrawn so that those raising 'Bharat tere tukde honge' slogans should be saved. Rahul Gandhi and Lalu Prasad whatever you may do but as long as there is Modi government in the Centre, those who want to divide the country will have to cool their heels behind bars.

During his five year rule Shri Modi did more than what Congress failed to do in its 55 years of rule with four generations of a single family ruling the nation.

Lawlessness, corruption, casteism and appeasement are the signs of Lalu rule in Bihar. The NDA government of BJP and JD (U) has started 'sushasan' after eliminating 'jungle raj' in Bihar.

During Lalu rule the rate of development went down even below 3% while during NDA's rule state's development rate reached 11.3%. This was done by BJP-JD(U) government.

During Lalu government per capita income of Bihar was -0.12% which went up to 31%. Prime Minister Modi has assured Bihar an amount of Rs. 1.25 lakh crores out of which development work worth Rs. 1.10 lakh crore has already started.

For 10 years Sonia-Manmohan government was running with the help of Lalu Prasad but they allocated only Rs. 1, 93,818 crores for the development of Bihar but Modi government gave an amount of Rs. 6, 06,786 crores, a three-fold jump.

After air strikes there was an atmosphere of enthusiasm in the country but on the other hand, there was sadness in Pakistan and in the office of Rahul Gandhi. I want to ask Rahul Gandhi and company why they had gloomy faces when terrorists were killed?

The guru of Rahul Gandhi Sam Pitroda says talk to Pakistan, don't kill terrorists , but I want to ask you all whether we should talk to those who have killed our 40 jawans or bomb them?

Whatever policy existed during Congress rule, Modi government's policy is zero tolerance towards terrorism. If a bullet comes from Pakistan we will reply with double fire. We cannot compromise with security of nation.

In J&K Congress has alliance with National Conference and Rahul Gandhi's friend Omar Abdullah is demanding that there should be a separate PM for the state. Rahul Gandhi remains silent on this demand. Even Lalu Prasad is silent. All the opposition parties are silent on this.

As long as karyakartas of BJP are alive no one can separate Kashmir from India. J&K is the crown of India.

We have decided in our Sankalp Patra that in 2022 when 75 years of independence will be completed there will not be a single house in which there will not be LPG connection, electricity connection, drinking water and toilets.

At one hand, BJP and NDA's all parties are united under Prime Minister Shri Narendra Modi while on the other hand there is 'Mahamilavati' Rahul Gandhi and company. When we ask, who is the Prime Ministerial candidate of your 'mahagathbandhan', we don't get any reply from them.
